

# PRINTABLE RENKO TRADING CHECKLIST

Simple pre-trade process for Renko traders

Lacois.com | Renko Trading Channel

**Use this before every trade.**

This checklist keeps the process simple: choose the market, confirm the brick size, check the trend, manage risk, define the exit, and review the trade afterward.

## Trade Setup

Date	_____	Ticker	_____
Brick Size	_____	Trend	■ Bullish ■ Bearish
Entry	_____	Stop	_____

## Pre-Trade Checklist

Market	■ Liquid market with enough volume and movement
Brick Size	■ Brick size matches the market and strategy
Trend	■ Trend direction is clear
Setup	■ Entry setup is confirmed and easy to explain
Support/Resistance	■ Key levels are reviewed
Risk	■ Position size is calculated before entry
Stop Loss	■ Stop loss is placed or clearly defined
Exit Plan	■ Exit rule is known before entering
Reward/Risk	■ Potential reward is worth the risk
News Check	■ Major news or earnings risk is reviewed

## Trade Notes

Why am I taking this trade? \_\_\_\_\_

What would make me exit?	_____
What did I learn?	_____

## Post-Trade Review

<input type="checkbox"/> I followed my plan	<input type="checkbox"/> I saved a chart screenshot
<input type="checkbox"/> I updated my journal	<input type="checkbox"/> I identified one improvement

**Consistency beats prediction. Follow your process one trade at a time.**
